WASHINGTON, DC 20210

. 9 82488

Dear OSHA Officials:

I oppose the smoking regulations you've proposed. Why can't you mind your own business? This is my business.

My business is my concern. I have worked to build my business for a number of years and for everything I have. These regulations would weaken what I've worked hard to make strong. I pay my bills, I obey the law, and I never fail to pay my taxes. How can the government trample my rights?

This proposal will cost me money. And without money my livelihood will be cut. I would like to hear your thoughts on this.

Sincerely,

Bobbie Hazard
